

Remnant Kingdom Stewards

Towards the rebirth of
Apostolic Christianity in our generation.

Contents

1. **Preamble**
2. **Our Vision**
3. **Mission**
4. **Scope Of Engagement**
5. **Responsibilities**
6. **Becoming A Partner**

1 Preamble

This document serves to provide a systematic frame work for the ministry's partnership initiative in direct fulfillment of the corporate mandate of the network. In view of the various projects embarked by the ministry, it necessitates that we strategically build a storehouse of resources in anticipation of the day to day demands of the work.

The ministry is saddled with a huge task to bear the yoke side by side the Master, hence the need to create this platform to accommodate the various cares in and out-reach of his divine assignment.

2 Vision

Raising strong Kingdom pillars. We aim to raise people passionately committed to the advancement of God's Kingdom by first giving of themselves to the Lord and the resources entrusted in their hands to His work.

3 Mission

To effectively mobilize and deploy resources for the building of an Apostolic Community where the weak become strong for an active participation in the Ministry of the Word and Prayers through:

Missions and Outreaches
Church Planting and Support
Welfare And Helps Community
Development Initiatives

4 Scope of Engagement

RCN Remnant Kingdom Stewards (RKS) covers the global network of believers who are committed to the Biblical principles of Righteous Living. Our goal is to connect with the committed pillars of the ministry, provide a detailed reporting system and reinforce the set objectives of the ministry.

The result is an informed platform for various forms of financial engagement that strengthen the mutuality of our covenant relationship as we see in 2Cor 9:6-14.

The early church forged such a synergy in resources in Act 4:32 that greatly impacted the degree of power available to the Apostle in Act 4:33 and ensured that no one lacked Acts 4:34.

5 Responsibilities

The committee members are persons in the Ministry who have shared Vision with the Set Man in ensuring that the mandate of the Lord committed to him towards building a strong Apostolic Christian Community is actualized.

Our responsibilities therefore are outlined as follows:

- Develop and Manage a database of partners
- Organize Events for partners such as partners conferences and gala dinner
- Periodic Articles and Newsletters posted on the Website for Partners
- Prayer Requests and Partners' welfare
- Reporting and Audit of funds from Partners

6 Becoming a Partner

Becoming a RKS Partner requires a sacrificial commitment from each partner to first give of themselves to God in a consecrated lifestyle.

Every act of generosity must be channeled from right and honest living. Every committed partner must be intentional and Spirit-driven. We look forward to being committed to the mandate given to God's Servant Apostle Arome Osayi, in uplifting him and the Ministry before God in prayers, that the work of God may continually advance.

We desire volunteered time and skill to fit the needs that arise in-house and commitment of financial resources on periodic basis as each partner is able.

Here attached is a detailed form for potential partners to fill with their information, after which a unique membership number will be assigned to each RKS partner so they can, from time to time, be updated with relevant information from the ministry and with respect to their membership status.

6 Becoming a Partner *Continued...*

Robust communication will be established between each partner and the ministry to receive notifications about all our events and outreaches as we progress.
